2	251.055(1)(a) **Supervision Of Children** Description: The center immediately reported to the Department on 6/18/26 that a 2.5-year-old child was not supervised by a childcare worker to guide the child's behavior and activities and ensure safety. The child was in the outdoor play space with their group when the child walked over to the exit gate, slipped underneath it, and followed the parent of another child to their car in the parking lot. That parent returned the child to the group and the child's parent was immediately notified.	We had a new fence installed that separates the older kids playground from the smaller kids giving staff less area to have to watch. With this smaller area it has helped the teacher be able to keep a closer eye on their assigned classroom.	8/10/2026
