1	251.07(5)(a)3. **Meals & Snacks - Intervals** Description: A child under 1 year of age who required a special diet did not have nourishment every 3 hours. There was a plan in place that a parent would come to the center to do the feedings but due to schedules, there were times it was longer than the required 3 hours.	Student had an IHP that indicated parent and BRHWC staff member would do feedings every 3 hours. Staff would contact parent multiple times when 3 hours would lapse and child was still not fed. Child has made gains with speech therapist to where they are able to eat solids at school, so our staff is able to safely provide feedings every three hours without parent or BRHWC staff here. The teachers in that classroom are now able to feed solids when the class meals come.	5/26/2026 student transitioned to eating solids with parent on site - parent came in that week for feedings - 6/1/2026 our staff completely took over feedings for child
