1	251.04(2)(m) **Health, Safety & Welfare Of Children** Description: On 07/25/25 the director notified Licensing that a staff member heated a bottle of breast milk that was too hot for the child to drink. It was so hot the staff member had to switch hands to in order to be able to hold the bottle due to temperature. This same staff member kept trying to feed the 5 month old infant before cooling the bottle, causing the child to cry.	Immediately following the incident on Friday, July 25, 2025, the staff member involved was removed from childcare duties. After a thorough investigation, the teacher was terminated on the morning of the next business day. To enhance safety measures, electronic bottle warmers were ordered on July 25, 2025, and were implemented upon delivery on July 29, 2025, replacing the previously used crock pots for heating bottles. All staff members were informed of the incident on Monday, July 28, 2025, and were reminded of proper bottle-warming procedures.	Corrective actions were completed by 7/29/2025
