3 251.055(2)(c) Mixed-Age Group - Staff-To-Child Ratio Description: During the visit, a mixed age group of 8 children was observed in the 1 year old classroom. This group of children was being supervised by one child care teacher. The group consisted of one child birth-18 months, six children 18 months-2.5 years, and one 2.5 year old child. The prorata based on the number and ages of the children in this classroom is 1.233, therefore a second staff member would be required.	The other teacher left to go on the other side of building due to a personal situation. However, I will ensure all staff are present in classrooms at all times.	9-18-25
