2	250.09(4)(b) Infant & Toddler - Diaper Changing Surface - Disinfection Description: Applicable rules under s. DCF 250.09(4) shall apply to child care workers when children 2 years of age and older require attention for diapering and toileting. When diapering a child over the age of 2, the provider stated she was not using a 2-step process to clean and disinfect the diaper cleaning surface, and the soap and water and disinfectant spray bottles were empty.	I do use the 2 step process when I have children in diapers. I filled both bottles up soap water and disinfectant solution so when I do have a child in diapers I can do the 2 step process easily.	10/31/25
