CORRECTION PLAN: Re-Write**

1. Deteriorating or Toxic Paint

Answer: I corrected the garage door by repainting it on March 28, 2026.

2. Emergency Plans – Practiced

We do practice Fire Drills on a monthly bases; but unfortunately, I did forget to document it on the days it was practiced due to being very extremely busy. To correct this matter, I will make sure to document all monthly practiced drills. A fire drill was practiced on March 17, 2026 at 4:15pm after school. All children attending the daycare have been school aged since year 2025. They only attend daycare after school for one hour daily except when there is no school. I corrected the fire drill incident on March 17, 2026 by having a fire drill and documented it. For this day forward we will document practiced fire drills after school hours.

The same applies to Tornado drills. Tornado drills don't start until the month of April of each year. For correction, we practiced a tornado drill on April 3, 2026 at 11:00am and was documented. I will make sure all drills will be documented when practiced.

3. Smoke Detectors -Testing

The testing of the smoke detectors are always tested during the first week of each month. To correct documentation, I will make sure the testing is documented. Smoke detectors were retested on March 13, 2026 at 9:30m and also documented.
